

## **METALCRAFT's QUOTE GENERATOR**

The Metalcraft Quote Generator was designed with RTS's in mind. It is a fast and accurate way for RTS's to generate quote paperwork anytime day or night, all you need is an Internet connection and your login information. You could enter and print quotes for a seat & back, with a headrest, lateral thoracic pads, hip pads, and abduction wedge *and* answer all the questions required to convert the quote to an order *and* do all that in about 4 minutes; *and* that's without knowing a single part number! Oh, did I mention it's *FAST*!

### **SECURITY**

Personal login for each individual user.

Quotes cannot be changed by anyone once entered.

Additional information field in Dealer Quote form that can be edited until converted to an order.

While generating a quote, you can delete and/or reenter items as needed.

Quotes are never converted to an order without a purchase order.

### **FEATURES FOR ALL USERS**

#### ***Generator User Interface (GUI):***

Custom designed three-section GUI keeps everything in one simple window.

Button selection menu on left, information in center, current quote list on right.

Point and click the GUI buttons to find what you need.

Rollover GUI buttons will show you product reference photos.

Fast access to specific product information through the GUI.

You don't have to remember part numbers of seating & positioning items.

Additional part number search or complete product listing available in the GUI buttons menu.

Current quote item(s) list always showing *and* automatically updating in the GUI.

View/Print quote form links under the current quote list in the GUI.

Additional information field in Dealer Quote form that can be edited until converted to an order.

Add items and/or delete items up to the point you start a new quote or logout.

Convert quotes to orders online anytime day or night; just have your Purchase Order # ready.

#### ***User Presets:***

Fast and accurate way of saving regularly used settings to be retrieved when needed.

Create, Edit and Delete User Presets

#### ***Generating Paperwork:***

Print retail quotes & dealer quotes.

View past quotes.

Reprint paperwork as needed.

Once quote has been entered, the item prices\* will not change on that quote.

#### ***General Information:***

Additional information field in Dealer Quote form that can be edited until converted to an order.

Delete quotes that have not been converted.

Enter as many quotes as you like – delete what you don't want to keep.

Quotes that are NOT converted are kept on the system for 6 months.

Database is backed up.
